Genie Gateway Launches New Website for GenieCard Users

Alternative Payments Innovator Genie Gateway is Advancing Its Unique Debit Card Product to a Wider Audience

Las Vegas, Nevada – January 25, 2016 – Nevada based Genie Gateway announced that this week they are rolling out their new website <http://www.GenieCard.com>, dedicated to their GenieCard – a totally secure debit card instrument designed to address the needs of tens of thousands of unbanked merchants and their customers. An extension of the company’s Genie CashBox and Check 22, the GenieCard – first introduced in October of 2015 – makes it even easier for merchants and their customers to do business **without using cash**, even for those without access to traditional banking services.

Thomas E. Skala, Genie Gateway CEO said “The GenieCard.Com website is the new way for merchants and customers to get to know the GenieCard. Imagine a debit card, with complete privacy, convenience, and security,

designed specifically for unbanked merchants and their customers; a debit card which doesn't contain any of your personal information – not even your name – just your ten digit card number.

“Every day we are robbed of a little more of the privacy that we all cherish so much. Most people do not like living in a ‘glass house’, and are fighting to preserve what precious little privacy they have left. Smart shoppers wisely prefer not to share their credit card, banking information – or even their home phone number – online or when making purchases by phone”.

Visitors to the website can request the cards, which are not personalized in any way, and activate the cards by cell phone or on the Internet. They can then use the cards for phone, online, mobile-based or in-person transactions with any merchant or individual who uses the Genie Gateway service. The company also distributes the cards, free of charge to its merchant customers, who can dispense them to their own customers for activation and use.

“The GenieCard combines the best of TWO worlds,” explained Genie Gateway COO Randal Skala, “the Genie Club – our **closed loop** member service, which utilizes the Genie CashBox – and Check22, the **open loop** service which lets members access their funds from any checking account, in any bank in the US.

Stuart Scamman, CTO of Genie Gateway, expanded. “Given the high-tech methods used by hackers, which are advancing every day, the time to take steps to protecting your privacy is now! GenieCard is that next step,”

“The GenieCard is the fastest and safest way to send payments online, via mobile devices, in store or by phone, making it both easy AND safe for unbanked merchants and their customers to do business, WITHOUT using cash and WITHOUT sharing financial information”.

Mark Newgreen, Genie Gateway CFO, then went into detail, “If the balance in your CashBox is enough to cover your purchase, then it's processed automatically as a real-time, Peer-to-Peer payment. If your balance isn't enough for the purchase, then your payment is processed automatically as a debit to the checking account you provided in your original Genie CashBox application.”

The GenieCard will be a major game changer and everyone over the age of 18, with a valid checking account at any U.S. bank can qualify.

- **NO** Activation Fee
- **NO** Monthly Fee
- **NO** credit check
- **NO** employment verification
- **NO** credit card needed
- **Merchants get paid in Real-Time**

"The GenieCard will change transaction processing for unbanked merchants; customers get to shop with privacy and convenience, and merchants get paid in real-time," concluded Thomas E. Skala, Genie Gateway CEO.

About the Genie Gateway – www.GGWY.Info

Genie Gateway (OTC: **GGWY**) - holds the Key to Unlocking a Wide-Open Opportunity by using its patented technology to create a unique environment where customers can communicate and send and receive payments, globally, in real-time through Telecommunications, eCommerce, Cable TV, and High Speed Internet, integrated on one platform into One Unified Solution.

Genie Gateway focuses on the "low hanging fruit" of un-banked and underserved businesses and consumers who want a fully rounded presence on the internet and by phone, without the cost and complexity of the build-it-yourself approach by consolidating merchant services, Telecommunications, Cable TV and High Speed Internet providers, Genie Gateway's forward-looking platform blends the products and services needed to operate a business - traditionally purchased from several vendors - into one seamless service.

Genie Gateway is U.S. registered company, trading on the U.S. OTC stock market under the symbol GGWY and filing regular reports with the U.S. Securities and Exchange Commission (SEC).

Genie Gateway has two operating subsidiaries, Summit Digital Inc., and Genie Gateway:

• **Summit Digital Inc.**, is a Multi-System Operator providing Cable TV, High Speed Internet, and related services, targeting rural communities as a specific high-growth market within the Cable Television and high speed internet industry.

• **Genie Gateway** is a forward-looking unified communications and payment processing platform, blending the products and services needed to operate a business, traditionally purchased from several vendors, into one seamless service.
